6-16 College and Career Guidance Program

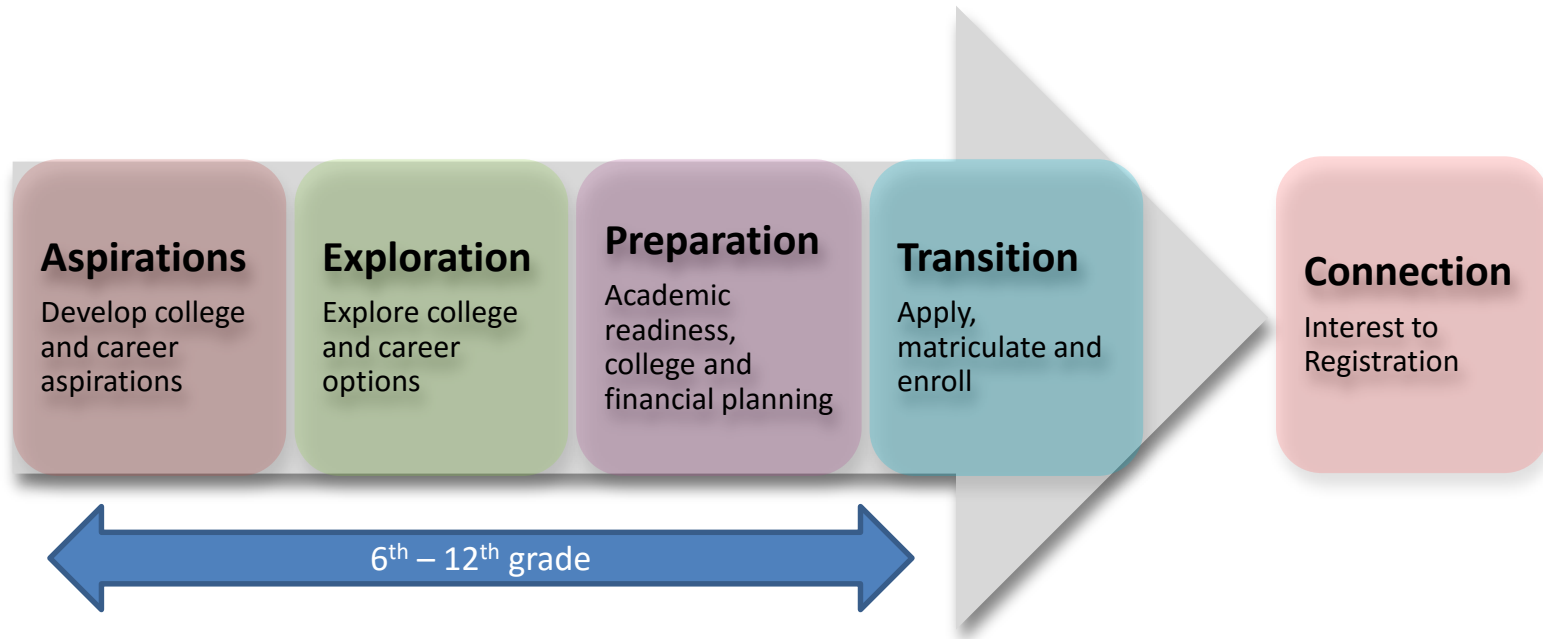

Preparing Hawaii's students for college and
career success

Stephen Schatz, Executive Director

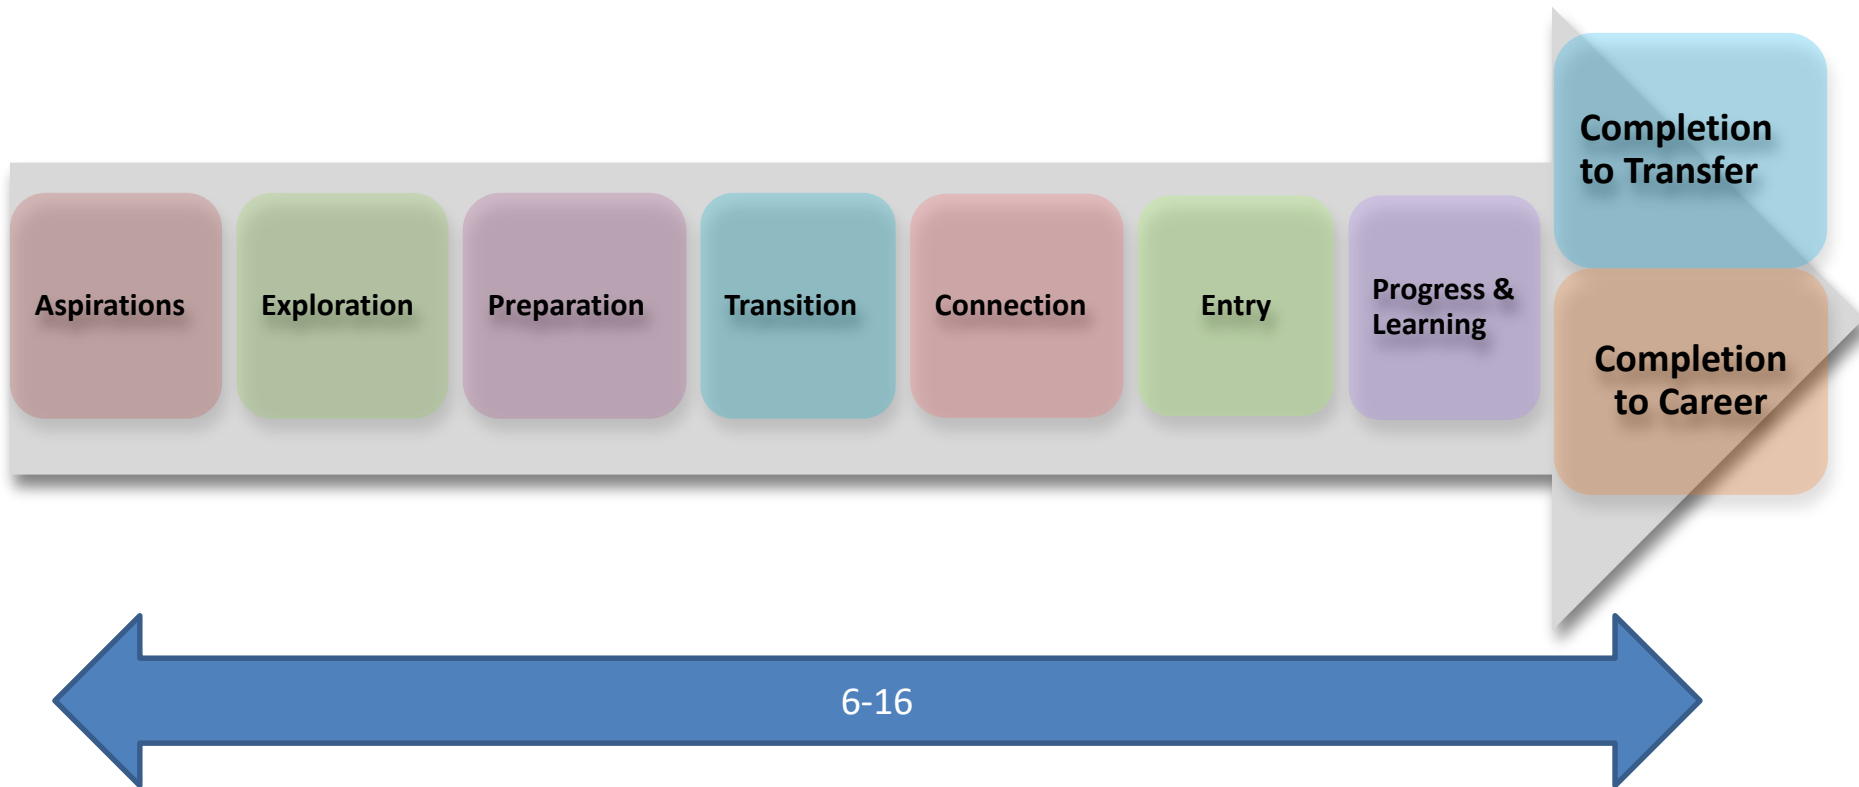

Questions

- How is college and career guidance provided in public schools in Hawaii?
- What resources are needed to support developing a college and career focused guidance program from middle school through college?
- What should this program look like?

Connecting to K-12 to Postsecondary

Linking 6-16 with Purpose First and Student Success Pathway

6-16: College and Career Guidance program

- Goal: develop a comprehensive college and career guidance program from middle school to high school to college to be shared statewide
- Identify interventions/information for every grade level for students and parents
- Provide technical assistance, professional development, planning time for teams to develop plan
- Phase one (SY17-18): develop plan, prepare proposals for funding
- Phase two (SY18-19, SY19-20): implement program

6-16: College and Career Guidance program
